Stage of development

—○— Kazakhstan —○— Commonwealth of Independent States

Kazakhstani way to Sustainable Development

- ◎ 16.12.1991 Republic of Kazakhstan was declared as an independent country
- ◎ **1996-2006** National **legislation** development and improvement
 - 2003-2006 First phase for Environmental legislation development
 - 2006 RoK Law "On Entrepreneurship"
 - 2007 Environmental Code
- ◎ **2007-2011** **Technical regulations** and harmonization to EU legislation, ISO standards, CSR, GRI principles implementation
 - 2009-2011 RoK Government Decree on "The concept of the permitting and regulation system improvement"
- ◎ **2011-2015** **Regulation and control** procedures improvement and democratization

Success Story of Kazakhstan Business Council for Sustainable Development

- **Kazakhstan Business Council for Sustainable Development (KBCSD) has been registered in Kazakhstan as NGO on April, 4, 2003**
- At present it includes 17 the largest enterprises of mining, metallurgy, oil and gas, power production and supply, machine-building and chemical industries, as well as consulting and services (with over 90 thousand employees in total).
- **Our Mission is to provide the balance of interests between the government bodies, business and NGOs via:**
 - > Representing common interests of business
 - > Coordination of the work on environmental legislation improvement and harmonization in cooperation with the state bodies
 - > Support Governmental initiatives on sustainable development principles implementation by the industrial enterprises.

Kazakhstan Business Council for Sustainable Development (KBCSD)

Global Network Collaboration and Action 2020 Engagement

KBCSD's Mission is to support the balance between common interests of business, government and local society to promote the principals of SD and CSR in Kazakhstan, to promote business as a leader of environmentally effective innovations and local community development.
